**RUSTLE OF A WING**

Rustle of a wing

Angel

I love you, I love you

not got the wind

these words, my heart

laughing ask the seashore

dream

like

wounded narcissus

Where are you

my heart?

the beauty of dawn

Hymenaeus in love

forgotten

Hon booming...of my life

in the shadow of God

stems to kiss

sweets

lemon trees flourished

on the rooftops

flood light  
but you.....in big way  
you became wailing  
you became sorrow.
