O men folks! Nice to see in social networks  
Your angry outbursts on felonies to females!

When a girl child undergoes sexual abuse,  
Your paternal feelings enormously arise!

In intense phrases you infuse resentment  
And vent by verbally lashing vile miscreant!

I salute you for this tendency against cruelty!  
Also I entreat you to introspect with honesty!

Study your behaviour toward fellow woman!  
Brutality to her is not sexual mistreat alone!

Inspect your conduct as partner, lover, coworker!  
Never forget emotional abuses are more bitter!

Finding faults with others is common aspect!  
Making amends for own misdeed is noble act!!!
