MAGIC OF MUSIC

Dr. A. Kayalvizhi

*Assistant Professor of English,
Salem Sowdeswari College,
Salem, Tamil Nadu, India*

Supreme remedy for mind's malady is music!
Soothing with fine melody, it performs magic!

Satiate yourself with musical food of maestros!
Then attempt to render yours adding flavours!

Assume your whole body as a musical device!
Trigger the innards to produce sweet sounds!

Fine-tune your voice as per rhythmic structure!
Feel delighted about improved vocal texture!

Swing in musical string from low to high pitch!
Sing with zeal retaining all notes within reach!

Eminent mode of expression is obviously song!
Sing out to vent emissions of emotion-spring!

The province of music is an energising region!
Sojourn there often to rejuvenate dull routine!!!
