=====***=====

When Hatriarchy rules the way
And Patriarchy has its sway
Then S/Healing is impossible
He is ailing, but She spurs sailing
Through the strife and struggles of life
Slicing her own comfort as if bread cut with knife
Head is burnt in sweltering heat of the Sun
But when is under Sh(e)ade, life becomes moon
He is nothing but heap of energy but Ewe (Sheep) is used for Cheese and Yogurt
Not fit to throw her into a bin as an object
She is worthier than He
Then why is History not Her-story?
Let her have her dignified place
On pages and in gazes
Clear the haze of Maze
May the Dove steer clear its path
And all live in unison and avoid bloodbath.
