WHERE DO I BELONG TO?

=====***=====

Where do I belong to?

Where do I belong to

in the place of atrocity

busy in making the myth

to suppress the strength in vain

someone's caste, someone's creed

but indeed only the passive flock

Not suppose to touch and drink

not suppose to walk and sink

guided by my parents and elders

all the time, in checking my presence

not to be the victim of violence

sometimes worried and cried in silence!

God has given the place;

not the space – to live, to joy,

to learn, to earn

why was I not chosen by the god?

to serve, to love, to pray, to stay

it is the question of isolated image like me

searching for the truth, rather answer in desperation

How to come over this disparity
placed one among others as deviant
subaltern can speak and also write
the conscious world of wisdom
by the acquisition, expression of thoughts
the only course of action towards equality.
